

IMPELLERS

FEATURES	BENEFITS	COMPETITIVE ADVANTAGES
MC97 rubber compound available	Correct cooling at engine start up and continued running	Exact OEM required dimensions
Strict tolerance manufacturing	Stable pressure	Longest use resulting in minimum maintenance costs
Designed to provide maximum engine performance	Less material failure and swelling	Best engine cooling impeller
Used by leading engine manufacturers as original equipment	Exact dimensions	Least wear of blades
	Longer impeller life	Broadest offering in marine market space (not one size fits many approach)
AVAILABLE SIZES Outer Dia ranges from 1.29" to 3.74" Width ranges from 0.50" to 3.48" See back page for available configurations		

09-801B
