

ABOUT US

Company Overview

WELCOME TO SOLUTION CITY

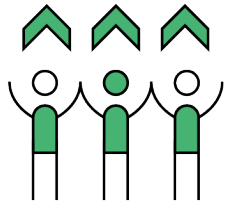

WHERE ALL SOLUTION MAKERS
LIVE, PLAY AND INNOVATE

PURPOSE

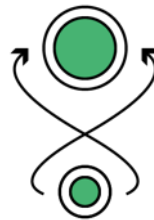

IMPROVE THE WORLD THROUGH INNOVATIVE & SUSTAINABLE SOLUTIONS.

VALUES

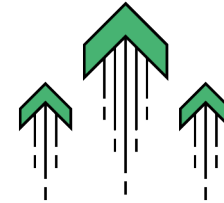

EMPOWER

In our culture of belonging, we bring our authentic selves to work. We value and respect everyone. We have the courage to take action to move the company forward.

EVOLVE

Our passion, collaboration and expertise to solve complex challenges help our customers and each other grow and succeed.

EXCEED

Through innovation and hard work, we push boundaries to create a brighter future.

“

Our first priority each day is to work safely and ensure everyone leaves work the same way they arrived. Nothing is more important than this commitment to your team members, our solution makers. Because of everyone's commitment to safety, we are able to serve our customers each day.

”

and Supply Chain

SPX FLOW
SAFE & SOUND

SPEAK UP

Be aware of your surroundings and say something when someone's safety is at risk.

REACH OUT

We look out and care about each other by being mindful of the safety, mental health and wellbeing of every team member.

TAKE ACTION

It's everyone's responsibility to fix a safety hazard. You are empowered to make a change that can prevent an accident or injury.

Environmental, Social & Governance (ESG) Mission

Environment

- Governance and oversight
- Reporting

Solutions That Matter, the 2024 Impact Report

SPX FLOW is dedicated to integrating sustainability across our operations, products and company culture.

85%

team members agree

“I believe the health and safety of our employees is a high priority,” in stride with achieving our best safety rate on record.

90+ tons

sand mold waste repurposed monthly as part of a circular economy.

200+

million gallons

water supplied to rural communities in the Democratic Republic of Congo using Johnson Pump technologies.

30%

favorability increase

in employee sentiment around acceptance and respect within the workplace over the past five years to 81% and 85%, respectively.

16,000+ lbs.

raw metal waste saved annually by switching from bar stock to wax casting in pump production.

87%

product savings

using APV pigging technology that won the 2024 SEAL Business Sustainability Award.

~50%

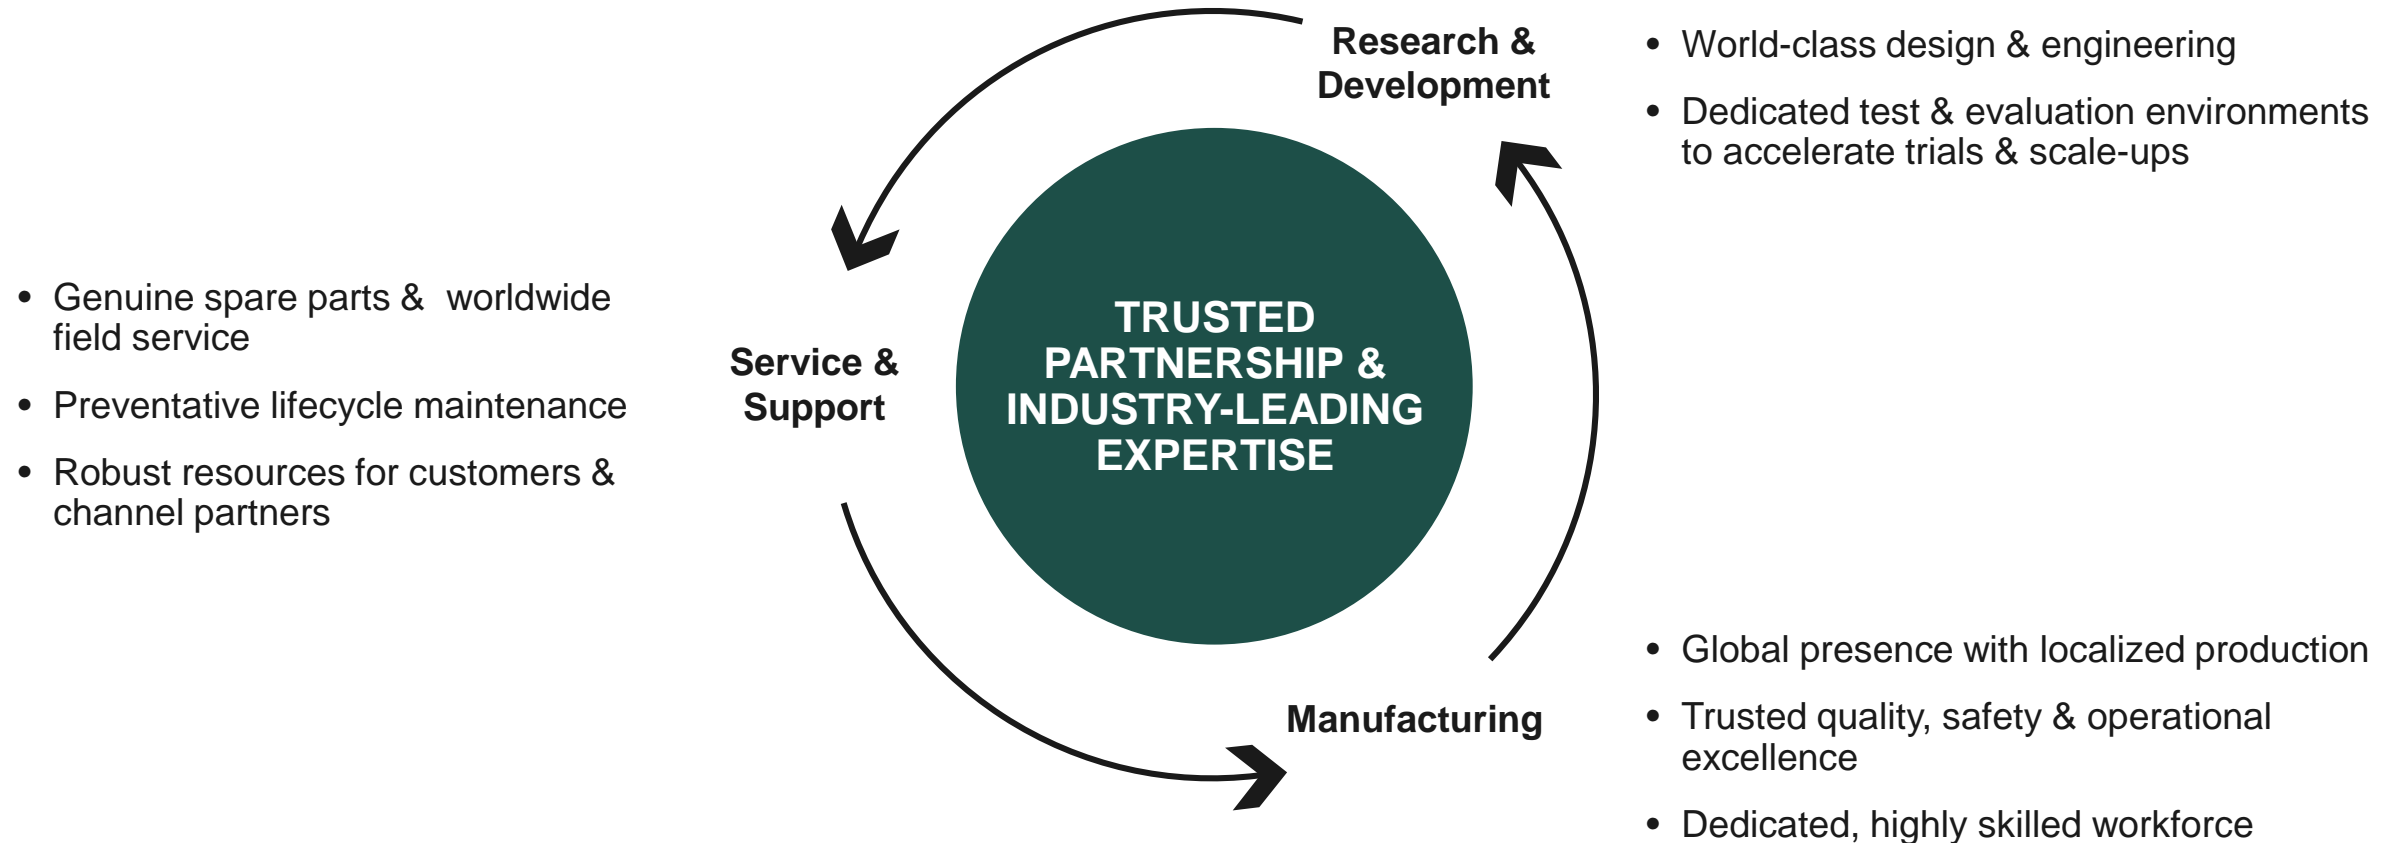

of our 464 patents cover sustainable and clean technologies.
