

AUGUST 2023

ABOUT US

Company Overview

WELCOME TO

SOLUTION CITY

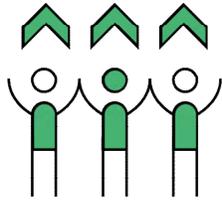

WHERE ALL SOLUTION MAKERS
LIVE, PLAY AND INNOVATE

PURPOSE

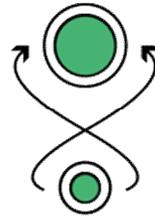

IMPROVE THE WORLD THROUGH INNOVATIVE & SUSTAINABLE SOLUTIONS.

VALUES

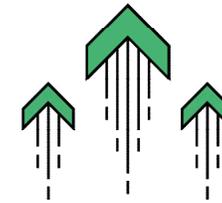

EMPOWER

In our culture of belonging, we bring our authentic selves to work. We value and respect everyone. We have the courage to take action to move the company forward.

EVOLVE

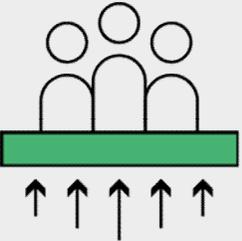

Our passion, collaboration and expertise to solve complex challenges help our customers and each other grow and succeed.

EXCEED

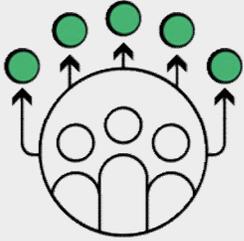

Through innovation and hard work, we push boundaries to create a brighter future.

Environmental, Social & Governance (ESG) Mission

PUTTING PEOPLE FIRST

The best outcomes start with the health and safety of our people.

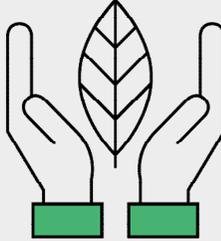

OPPORTUNITY FOR EVERYONE

Our culture of belonging means everyone is valued and has room to grow.

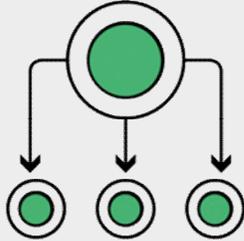

INNOVATING HOW THINGS ARE MADE

We create safe and sustainable solutions to solve complex challenges.

COMMITMENT TO CONSERVE

We are focused on reducing the environmental impact of our operations.

GIVING BACK TO OUR COMMUNITIES

We partner with community organizations where we live and work to make a positive impact.

“

Our first priority each day is to work safely and ensure everyone leaves work the same way they arrived. Nothing is more important than this commitment to your team members, our solution makers. Because of everyone's commitment to safety, we are able to serve our customers each day.

”

TY JEFFERS

VP, Global Manufacturing
and Supply Chain

SPX FLOW
SAFE & SOUND

SPEAK UP

Be aware of your surroundings and say something when someone's safety is at risk.

REACH OUT

We look out and care about each other by being mindful of the safety, mental health and wellbeing of every team member.

TAKE ACTION

It's everyone's responsibility to fix a safety hazard. You are empowered to make a change that can prevent an accident or injury.

Sustainability

At SPX FLOW, sustainability is more than a buzzword.

It's a way forward.

44% of our 550 patents worldwide are related to sustainability and clean technology

Accomplishments since 2020:

- Energy use reduced by 1,252,186 kWh
- Waste reduced by 2,381 metric tons
- Water usage reduced by 6,150 kiloliters
- Enterprise sustainability CORE Steering Committee put in place to drive SPX FLOW sustainability strategy
- Launch of STEP employee resource group

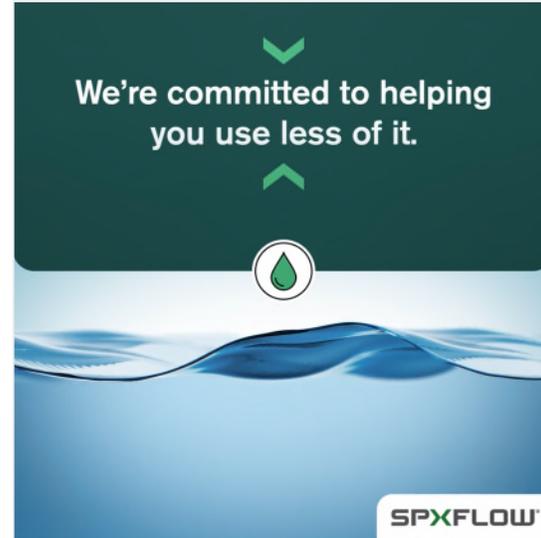

STEP Mission: We work to cultivate a global inclusive environment that supports and encourages members to increase their environmental awareness and impact and drive change through education, stewardship, collaboration and discussion.

Helping Customers Meet Their Sustainability Goals Through Product Innovation

Water Savings

- APV Homogenizer Water Recycling System (HWRS) saves up to 97% water
- Waukesha Cherry-Burrell D4 Valves use five times less cleaning fluid
- APV Pigging System conserves 60 – 70% of clean-in-place fluid rinse

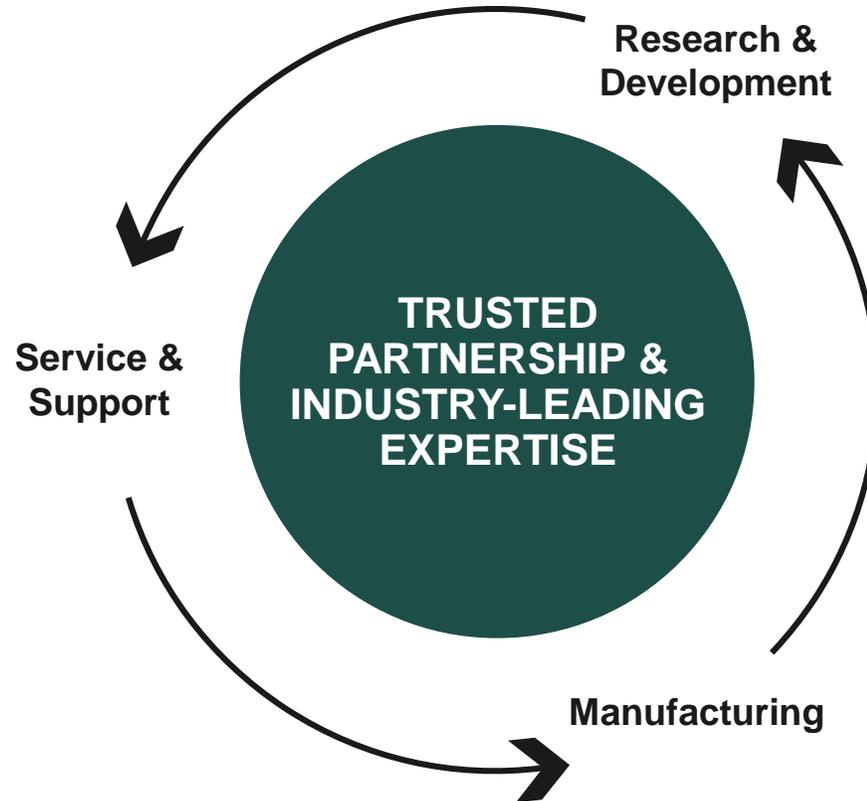

Energy Savings

- Philadelphia Pitch Impellers use less than 50% of energy in production than competitors
- APV Plate Heat Exchangers are designed to heat and cool more efficiently due to smooth transfer abilities
- Gerstenberg Schröder Nexus Scraped Surface Heat Exchanger (SSHE) uses CO2 instead of ammonia to save up to 30% energy

Our Full-Lifecycle Capabilities

- Genuine spare parts & worldwide field service
- Preventative lifecycle maintenance
- Robust resources for customers & channel partners

- Customer-centric innovation
- World-class design & engineering
- Dedicated test & evaluation environments to accelerate trials & scale-ups

- Global presence with localized production
- Trusted quality, safety & operational excellence
- Dedicated, highly skilled workforce

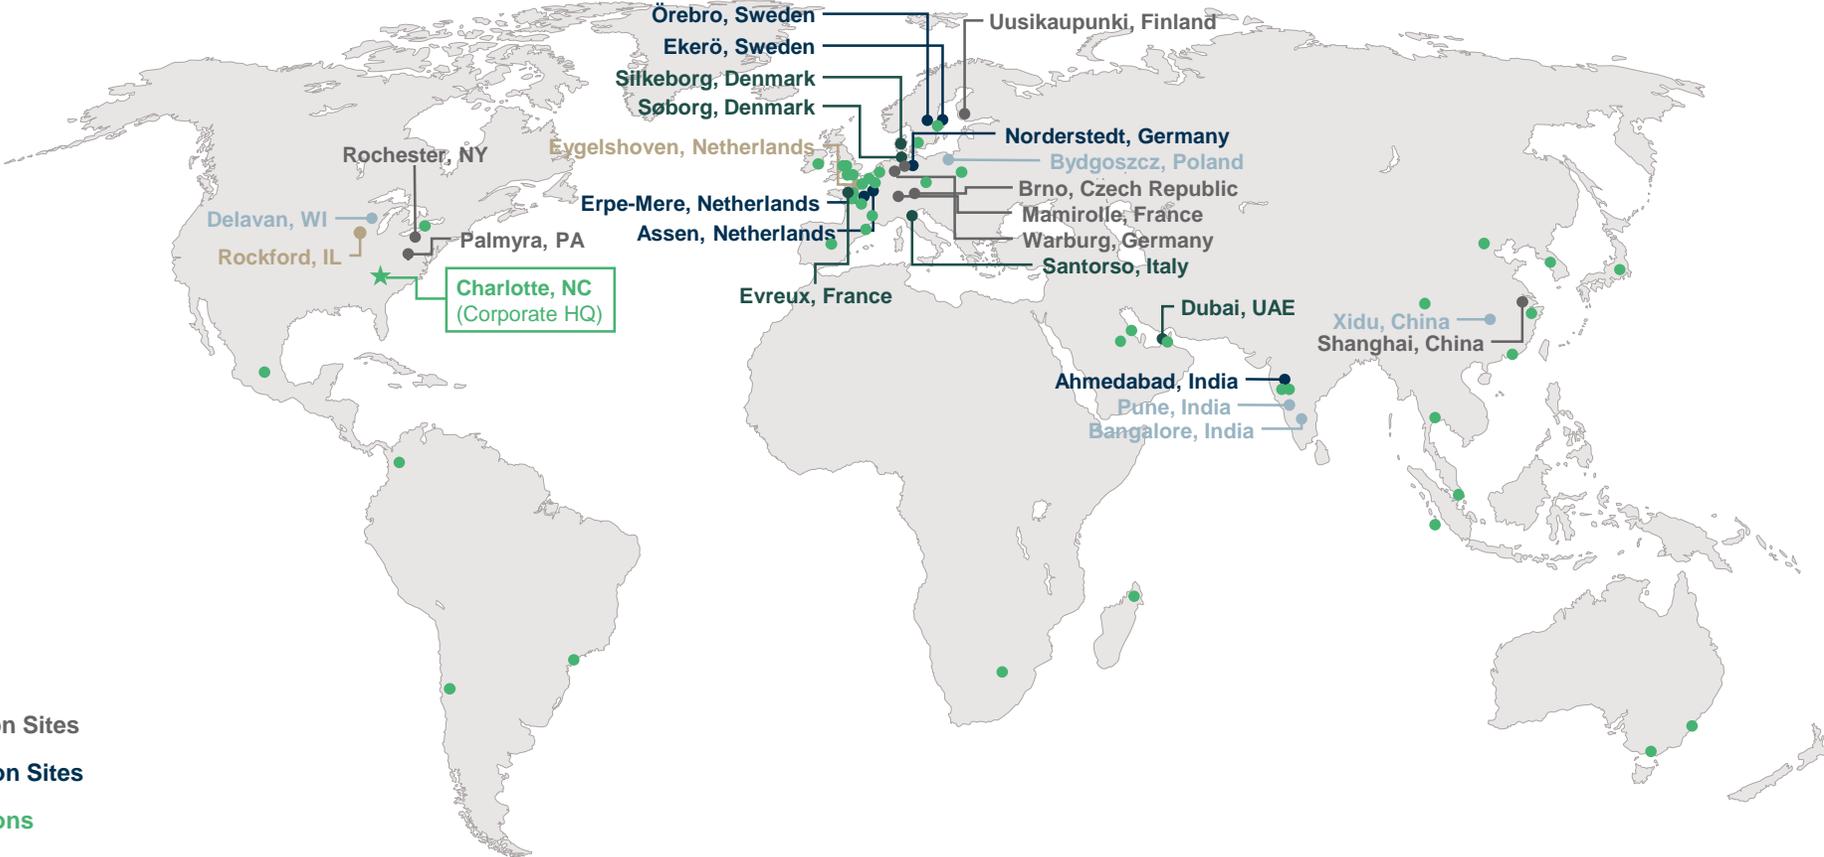

Delivering Critical Customer Solutions through Global Capability

In-region to serve customers quickly and cost-effectively

Mixing Solutions

SPX FLOW is the largest industrial mixing company in the world. Our mixing experts across the globe apply the art and science of mixing to fulfill the process needs of any customer scenario. From chemical refinement and wastewater to mining and mineral processing, our portfolio of mixers represents some of the world's most respected mixer brands.

PRODUCTS

Mixers, Agitators, Impellers

BRANDS

>Lightnin®

>Plenty®

>Uutechnic®

>Philadelphia®

>Stelzer®

INDUSTRIES

Chemical, Mining & Minerals, Water & Wastewater Treatment, Oil & Gas

Nutrition & Health Equipment & Systems

We are the global leader in the development, manufacturing and aftermarket servicing of highly-engineered products and process solutions for a range of applications across the nutrition and health sector. From homogenizers, pumps and valves to mixers, separators and heat exchangers, our world-class brands are only matched by our world-class customer service.

PRODUCTS

Centrifuges, Blenders/Mixers, Evaporators, Filtration, Pumps, Valves, Homogenizers, Dryers, Heat Exchangers, Crystallization Equipment

BRANDS

> Anhydro® > Gerstenberg Schröder® > Waukesha Cherry-Burrell®
> APV® > Seital® Separation

INDUSTRIES

Food, Dairy & Beverage, Home & Personal Care, Pharma & Healthcare, Refrigeration, Heating, Fats & Oils

Pump Solutions

Our pumps are engineered to provide processing systems with consistent, high-performance flow to ensure the highest quality product possible from creation to consumer. With a focus on making process systems more sustainable, our pumps are trusted worldwide for their performance.

PRODUCTS

Analyzers, Pumps (Marine & Industrial), Plumbing Products

BRANDS

> Bran+Luebbe®

> Johnson Pump®

> Tigerholm

INDUSTRIES

Chemical, Food & Beverage, Oil & Gas, Personal Care, Horticulture, HVAC & Marine

Hydraulic Technology

We serve customers in the chemical, mining, pharmaceutical, marine, infrastructure construction, general industrial and water treatment industries with cutting-edge technology, proactive solutions, and great customer service. Our brands are trusted by customers across the globe who want solutions that get the job done.

PRODUCTS

High Force Tools & Bolting Equipment

BRANDS

> Bolting Systems[®]

> Hytec[®]

> Power Team[®]

> Rail Systems[®]

> Stone[®]

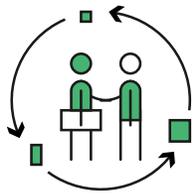

INDUSTRIES

Construction, Energy, Automotive, Oil & Gas, Transportation

Innovating With Our Customers – Why SPX FLOW?

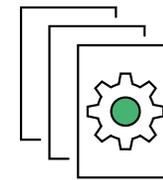

Global Manufacturing, Sales & Service Presence

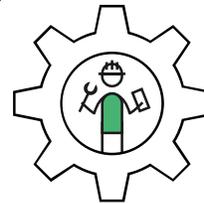

Partnerships With Customers Across the Entire Product Lifecycle

Longstanding Trusted Brands

Unmatched Product Reliability & Quality

World-Class Engineering, Application & Manufacturing Expertise

Knowledgeable Worldwide Channel Partners

Highly Skilled, Engaged & Inclusive Team

Industry-Leading Processing Technologies & Solutions
