

## Exchange Gearbox Program

Are you responsible for mixer maintenance, operation, or reliability?  
If so, we can make your life easier by assisting reliable operations, while limiting your stress.

Take Advantage of our EGP

70 Series Gearbox returned

70 Series Gearbox exchange

Exchange services allow customers to get a remanufactured gearbox for a fraction of the cost of new. Gearboxes are rebuilt to like-new condition and are held to original manufacturing standards and tolerances and carry the same warranty as new. Emergency breakdown deliveries can be available in 24-48 hrs.

### CUSTOMER VALUE

- Reduce down time
- Reduce costly production losses
- Reduce parts inventory
- Reduce annual operating expenses
- Reduce total cost of ownership
- Large selection of gearbox cores ready for final assembly
- Full OEM warranty
- Limit your inventory
- Reliable OEM Gearbox
- Fast delivery to fit schedule needs
- Possible one-day delivery

## TYPICAL CASE STUDY

A northeast paper company, contacted SPX FLOW about a gearbox failure which shut their production down completely. SPX FLOW Northeast Service Center responded and assembled a remanufactured gearbox the same day. Customers production was returned to service within 48 hours.

### Before: Customer Problem

- Gearbox Failure - Forced Shutdown
- Substantial production losses
- No inventory
- Reduced maintenance budget

### In Process

- Returned cores are disassembled & cleaned
- New gearbox internals are pulled from our expansive inventory
- Gearbox is assembled to customer required reduction ratio
- Each gearbox is then spin tested in our service center

### After: SPXFLOW Value

- Gearbox cores in inventory
- Emergency response delivery
- Cost effective alternative to new gearbox
- New equipment warranty
