VEGA Plate Heat Exchangers

PRODUCT HIGHLIGHTS

WHY

SPX FLOW?

Food and beverage processing has never been more challenging. Margins are being squeezed, food safety is paramount, and consumer demands for new products make formulation changes a regular occurrence. The SPX FLOW VEGA Plate Heat Exchanger provides easy to use install features with its easy flow washboard design and smaller sizes. When it comes to know-how, experience and product range within the field of PHE, you won’t find a better business partner than SPX FLOW.

FEATURES

• CornerLock®
• EasyClip® gasket system
• Hygienic port radius
• Diagonal flow path
• Easy flow washboard design

BENEFITS

• Alignment system improves plate and gasket life
• Maintenance friendly, durable gasket system
• Minimizes risk of product buildup
• Uniform thermal treatment of product
• Improved energy savings, run times, and Clean-In-Place (CIP), compared to traditional plate designs
